

IIE Chapter #1 APRIL 2010 Newsletter

Dear Members -

Apologies for a mix up in the cost and schedule information for the events. The IIE tour of Emerson Network Power is free for all. The event is from 3:00 to 5:00 PM. The cost and schedule previously stated was actually for the ASQ conference. Please find below the corrections in **blue color font**.

Best Regards,
Vidyasagar Murty

Subject: IIE Columbus Chapter - April 2010 Newsletter

Dear Chapter # 1 Members:

MESSAGES

Hello all! We have a new addition to the IIE Columbus Chapter – Adam Faris. Adam recently graduated from University of Pittsburgh and moved to Columbus after he took a position with Honda. He took reins as Student Outreach Director on the chapter board. A very warm welcome to Adam.

The economy is showing good signs of recovery and Mike Devenney is hearing a lot of buzz for IE positions. There are a couple of exciting opportunities in this newsletter – one each for a senior and an entry level candidate. Both opportunities are based in Columbus. Check them out!

We also have two events this month. Unfortunately both events are on the same day but since we like to toot our own horn, we would like you to tour Emerson Network Power with us. To show our support to the IE community we are offering a **\$50 credit** for one lucky member who renews or enrolls their IIE membership at this event.

EVENTS

Wednesday, April 14, 2010

ASQ Section 801 Spring Conference

Our friends at ASQ wanted to share this learning and networking opportunity. Please see the attached brochure or visit www.asq-columbus.org for complete details.

Venue

The Columbus State Conference Center
315 Cleveland Avenue Columbus, Ohio 43215

Schedule

8:00 AM – 3:30 PM

Cost

Members & Non-members: \$60
Students: \$40

Thursday, April 22, 2010

Tour of Emerson Network Power

- IIE Event -

Emerson Network Power built its capabilities on delivering reliable power, precision cooling, connectivity and embedded solutions that assure *Business-Critical Continuity™* for technology investments. The global headquarters of their System Business division is located in Columbus. Curtiss Keaton is the Lean Manufacturing Coordinator at the Columbus Plant. Curt implemented various process improvement concepts like Value Stream Mapping, Kaizen, 5S, Kanban at the Columbus plant to improve the productivity of their manufacturing lines that produce Precision Cooling Systems. He will share a success story of the implementation of one of these concepts followed by a plant tour.

Don't miss this opportunity to see the application of IE concepts in the industry and network with other professionals.

Venue

Emerson Network Power (Liebert)
1050 Dearborn Drive, Columbus, OH 43085

Schedule

3:00 PM - Arrivals
3:15 PM - Presentation
4:00 PM - Facility Tour

Cost

Free for all

Please register by April 20th.

To register for the event, please send your name along with your job title and employer's name to Vidyasagar Murty at VMurty@limitedbrands

Directions

Emerson Network Power is directly across the street from Worthington cylinders. After turning on Dearborn Drive, Pass the main Emerson Network Power entrance. Turn left into the driveway there. There will be a large awning running along the front wall of the plant. At the end of the awning, before the end of the building, there will be a White sign above the entrance reading "Emerson Network Power", park in the visitor or suppliers spaces just outside that entrance.

Thursday, April 22, 2010

Tour of the National Board Campus

- A CTS Event Presented by Central Ohio Section of ASME -

The National Board of Boiler and Pressure Vessel Inspectors was established 90 years ago to assure consistency in the inspection of ASME Boiler and Pressure Vessel Code equipment. Over time, its role has expanded to include the National Board Inspection Code (NBIC).

Please check the attachment for more details.

Venue

1055, 1065, & 1075 Crupper Ave., Columbus, OH 43229

Schedule

6:30 PM Registration
7:00 PM Tour followed by Dinner

Reservations are needed by April 19th, 2010.

To **RSVP**, contact:
